Number 456

Wardner, Idaho, No. 23rd 1889
(Ansd. Dec 2^d/89)

S. G. Reed Esq
Portland Or

Dear Sir:

Your favor of the 18th duly came to hand. All the producing mines of this section are forming an association of which I enclose you the by-laws. The objective is mutual benefit & protection--We will act in a body if necessary when dealing with Smelters & Railroads for incoming & outgoing freights--Will also endeavor to regulate many abuses in the labor question &c. We held a preliminary meeting day before yesterday, & drafted these by laws--for the approval of the various Cos-- After each one has heard from headquarters a formal meeting will be held. If you think of suggestions to be made please let me know.

Yours ty

V. M. CLEMENT
